

Providing solutions : delivering efficiencies

Agency Benefits

Integrated marketing and agency management
enabling agencies to deliver superior marketing results for their clients
a complete solution streamlining operations, improving productivity and
profitability.

Easy to use, flexible and Execute Efficiently

entegrate solutions process is built-in. Jobs and campaigns follow a consistent step-by-step approach, tailored to your needs. Entegrate solutions provides immediate insight into and control over progress, milestone achievements, dependencies, spending, and variances. Entegrate solutions ensures coordinated planning and effective collaboration across the organization and with partners, sub-contractors and suppliers - whether they're across the office or the world.

We saves you time, reduce costs, and improve results. Our easy to use platform helps Agencies to

- **Improve Communications**

Document and communicate about projects using a variety of tools, including automatic notification, and powerful project management functions.

- **Job Management**
